What is Study at Sea?

Study at Sea is an innovative program that allows students from all across California to complete a full semester's worth of CSU curriculum on board the Training Ship Golden Bear as it travels to various destinations in the Pacific and Atlantic oceans. Classes take place six days a week and each destination serves as the focal point for field work.

A full semester's curriculum on board the training ship Golden bear

California State University
MONTEREY BAY

FOL.C.

Curriculum

Each summer offers a range of course relevant to the specific trip environment. All students are concurrently enrolled at CSUMB and CSUM. Each student enrolls in courses offered by CSUMB and CSUM receives academic credit for basic lifesaving and shipboard safety, ship familiarization and the courses they registered for. During the trip, students have the opportunity to explore and become

familiar with all aspects of the ship's operation including communication, navigation, seamanship and engineering.

GS Golden Bear

The training ship Golden Bear is a registered US Federal ship and Coast Guard Certified for Merchant Marine training. It takes no passengers. Students are crew members and receive United States Coast Guard seaman documentation. This provides a unique opportunity to participate hands-on operations in ship activities.

California State University Maritime

The CSU Maritime is part of the California State University System and is the only university in the state that prepares its cadets for careers in the merchant marine field. The Academy's 500 foot Training ship golden Bear is operated by CSUM cadets under the supervision of the Academy's

professional maritime faculty. CSUM licensed graduates operate vessels in all corners of the world.

Exciting Ports of Call

Students enjoy liberty and study opportunities in each port of call where they savor the local foods and soak up the local culture. Cruise itineraries have included:

2015

Lahaina, Hawaii
Guam
Yap (Micronesia)
Hong Kong, China
Sasebo, Japan
Midway Island
Subic Bay, Philippines
Kona, Hawaii

2016

Honolulu, Hawaii
Suva, Fiji
Nuka Hiva, Marquesas
Brisbane, Australia
Auckland, New Zealand
Papeete, Tahiti
Long Beach, California

2017

Vallejo, California
Zihuatanejo, Mexico
Galapagos Islands
Iquique, Chile
Quepos, Costa Rica
Cabo San Lucas, Mexico
Seattle, Washington

Facilities

Most students share a three berth stateroom and usually two staterooms share a bathroom with shower. Each student is provided a private storage locker. The ship boasts six classrooms, a computer lab, gym, library, student lounges, laundry facilities, and a small sundry store. A doctor and nurse are available around the clock in a fully equipped medical facility. The galley serves 3 excellent meals a day and provides snacks around the clock. There are plenty of leisure time activities as well; students can soak up the sun, rent movies, participate in a talent show and much more.

Costs

The costs consists of the usually semester tuition, books, a cruise fee and personal expenses. The cruise fee covers room and board, Coast Guard documentation, drug screening, uniforms and administrative costs. The total cost is substantially less than a commercial cruise of this magnitude or a study abroad program. For more details please visit the website at: <http://atsea.csumb.edu>
